PBL Overview

At Kyeemagh Public School, Positive Behaviour for Learning (PBL) is a whole-school systems process to improve learning outcomes for all students and aligns with the Student Discipline in Government Schools Policy PD/2006/0316/V03. We aim to address the diverse social and academic needs of ALL our students to support them to be successful quality learners. We believe in establishing positive social expectations for all in the community, with the emphasis on supporting the well-being of all our students.

At Kyeemagh PS, we focus on teaching and supporting appropriate school behaviour for all students in the school. PBL is a positive and proactive approach to school-wide discipline. The result is a continuum of positive behaviour support for all students, where:

- **Behavioural expectations are defined**
- **Behavioural expectations are taught**
- **Appropriate behaviours are acknowledged**
- **Behavioural errors are corrected proactively**

When implemented well:

- Students respond positively as they have been taught what is expected of them
- Staff deliver consistent responses to student learning and behaviour
- Students feel safe and cared for at school. Their parents, family and community are more involved in their school.
- Unproductive and challenging behaviour can be significantly reduced for most students.

Our School Vision Statement

The vision of Kyeemagh Public School is to be a school of choice in the area. Each student's unique way of learning is catered to by delivering high quality education resulting in our young people being prepared for achieving their best in a complex and dynamic world.

School Rules and Expectations

The PBL framework, our rules of **Respect, Learning & Safety** and the matrix of related behaviours are our school-wide expectations for behaviour. Our school-wide values reflect the language and culture of our school and should be the language all staff use when they teach, remind, recognise and correct students.

Behaviour

Matrix

The key to successful behaviour management is the prevention of problems before they occur. Using the school-wide rules supports consistency and is a way to coordinate the various procedures unique to every classroom. Having clear classroom and playground expectations that are explicitly taught can improve student behaviour and may limit the time teachers' use when correcting misbehaviour. This sees an increase of quality learning time while providing students with working habits to support self-discipline.

At Kyeemagh Public School, we teach our students the expected behaviours through our fortnightly focus lessons. Every fortnight there is a new lesson plan taught that is focused around our school-wide rules and a specific school area. Our lessons contain discussions and examples of positive behaviour. We then follow up with a short activity where the students practise the behaviour specific to the fortnightly focus area. This is then reinforced over that fortnight with positive feedback.

Lesson Two Lining Up

Rationale	To demonstrate safe, respectful behaviour when lining up in all school settings.
Context	All Settings
Introduction	<ol style="list-style-type: none"> 1. "Today we are going to talk about being safe at our school and how to keep our bodies safe when we are waiting in line" 2. Where does our class wait in line in our school? Discuss and record student responses. Supply specific answers for all settings eg, under the cola, outside the classroom, on the grass area, moving around the school. 3. Ask students to identify the best way to line up safely. <ul style="list-style-type: none"> • On the first bell stop what you are doing, pack away equipment, go to the toilet, get a drink • Arriving before the second bell • Sitting in straight lines • Legs crossed • Keeping your hands and feet to yourself. • Quiet at second bell. Quietest class at second bell to receive golden ticket/incentive. <p>Demonstrating appropriate behaviour in lines:</p> <ul style="list-style-type: none"> • Standing behind the line leaders • Not pushing in • Not standing too close to the person in front • Keeping hands and feet to ourselves • Not shouting at each other
